Authorization for Administration of Palivizumab and Follow-Up

The benefits and risks of this medication have been explained to me and I have received information on reducing the risk of respiratory infections. I consent to my child receiving Palivizumab as per the BC RSV Immunoprophylaxis Program Guidelines and to contact for follow-up.

Signature of Parent/Guardian: _____ Date: _____

This section for Physician/Nurse providing care

The application form's details and contact information have been confirmed above and the patient is eligible for funded prophylaxis. I have provided information on the RSV program and have answered questions. I confirm that consent for treatment and follow-up has been obtained (*telephone consent is acceptable*).
