

Want to Enhance Your Skills in Caring for Critically Ill Children?

Join our monthly virtual education sessions to learn from pediatric cases from across the province.

https://phsa.zoom.us/webinar/register/WN_518mUcqXQrCiqTCDzfyWdA#/registration

**3rd Friday Each Month
13:00–14:00**

Collaborate Across BC to Enhance Pediatric Care
Through Real Case Presentations.

- Explore acute care scenarios and challenges.
- Learn best practices from experienced teams.
- Open to all providers—join or submit cases!

If you have a case to present, please contact: ped.critical.care.project@phsa.ca

The **Pediatric Critical Outreach Project** is being led in collaboration by BC Children's Hospital PICU Team and Child Health BC with the vision to better support both the critically ill children while they are in their home community, as well as the clinicians who care for them.
