

Bronchiolitis

Learning Resources and Clinical Support Tools

[Bronchiolitis Video](#)

This 10-minute video created by OPENPediatrics reviews the following:

- Pathophysiology
- Clinical presentation
- Diagnosis & Management

[Don't Just Do Something, Stand There: Current Updates In Bronchiolitis Management](#)

Presented by the Rural Coordination Center of BC SPRUCe Network (Sustaining Pediatrics in Rural and Underserved Communities), Dr. Claire Seaton reviews:

- Current evidence for when to use high flow nasal cannula oxygen in Bronchiolitis
- Current Bronchiolitis guidelines and practical implications for rural pediatric practice
- Identify risk factors for increased disease severity
- Practical considerations associated with transport

[BC Children's Hospital Respiratory Syncytial Virus and Bronchiolitis PowerPoint](#)

This PowerPoint created by BC Children's Hospital, reviews Respiratory Syncytial Virus and Bronchiolitis and includes the following:

- The pediatric respiratory system
- Work of breathing
- Oxygen therapy and weaning

[Choosing Wisely Canada Bronchiolitis Toolkit](#)

This toolkit features easy to use tools and resources to help clinicians assess and manage bronchiolitis in primary care and emergency departments. This toolkit includes the following:

- Initial assessment and management table
- Viral prescription
- Family info-sheet

[Pediatric Bronchiolitis Toolkit: Launch Webinar](#)

Explore the Choosing Wisely bronchiolitis toolkit with Dr. Claire Seaton, pediatrician, BC Children's Hospital and Dr. Tracy Monk, family physician, Pathways BC, during a virtual education session. This session is for health-care teams across BC who work in primary, urgent and emergency care.
