

2021 Pediatric Early Warning System (PEWS) Refresher Webinars

Child Health BC will be offering 3 lunchtime sessions for direct care staff who would like a quick refresh on the BC Pediatric Early Warning System.

Who is the session for?

This session is for nurses and physicians who use BC PEWS in either the inpatient or emergency departments in BC.

What will be covered in the session (s)?

- A review of the components of BC PEWS
- Practice calculating a PEWS score through the use of a case study
- A review of the BC PEWS Guidelines & Clinical Support Tools
- An opportunity to ask questions

When is the session?

Three virtual lunch and learn sessions will be held to provide options for staff to attend:

- March 11, June 24 and September 28, 2021 from 12:00-13:00.

It will consist of a 25 minute presentation followed by an opportunity to ask questions and review clinical scenarios.

How do I join the session?

No registration is required. Please join the meeting from your computer, tablet or smartphone by clicking on the link below. Consider using your headset or earphones. If it is your first time using Zoom we encourage you to sign in 15 minutes before the session to get help with any issues you have joining.

March 11, 2021 1200-1300
